Modern Day Maternal Performance

- A natural next step in mating daughters of RESILIENT, INCENTIVE or STELLAR
- Ideal maternal option with spread, power, performance and still rings the bell for Marbling and EMA
- His mother is the kind of cow producers describe when they speak to the ideals of size, function, udder and design
- Super docile, super footed bull with a great deal of middle mass and thickness. He is designed to make the kind of replacement females that last in your herd!
- Heritage will be a superb female producer
- High CED and low BW makes him the ideal heifer mating candidate
- Appreciate the solid growth, scrotal and EMA combination Heritage offers
